**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Stop giving into large companies that force user to use sub-par services. I've had Comcast and ATT and both are the worse. They not only charge users huge prices for useless services but they also attempt to hike up existing key services to the point where the user can't afford to pay for broadband or cable. There is no competition in prices and services if large companies like Comcast and ATT can influence the USG to vote in their favor. That is not America.
